DDCI Action: Approved, with action to DTR in close cooperation with DD/P on defining functions and increasing effectiveness.

Recommendation 7: "The DD/P establish in his office a position of DD/P Training and Doctrine Officer having responsibility and authority for the formulation and implementation of Clandestine Service training policy and the development of operational doctrine."

DDCI Action: Approved on the understanding that the DD/P has already established such a position. DD/P to consult closely with DTR to explore more fully the relationship between training policy and operational doctrine.

DD/P Action: On 10 January 1961 the position of DD/P Training and Qualifications Review Officer was established. The development of DD/P training policy has been made the responsibility of the DD/P/TRO, however, in our opinion the formulation of operational doctrine is more properly a function of the special staffs to which this responsibility is being assigned. The DD/P/TRO is in regular contact with the DTR for the purpose of interpreting Clandestine Services training requirements and assisting the OTR in acquiring operational material necessary to fulfill those requirements.

Recommendation 11: The DD/P instruct all supervisors to observe, in requesting language training, the principle that training in regular classes is the normal and most effective method, and that resort to tutorial training shall be had only in exceptional cases and where required by security considerations, unavoidable pressure of time, or other valid reason.

DDCI Action: Approved.

25X1 DD/P Action: on The Language Development Program contains a statement that use of tutorial instruction in language training will be limited to exceptional cases approved by the appropriate Clandestine Service Career Panel. Recommendation 12: DCI issue instructions that Agency Regulations be amended by adding new provisions (a) directing the Deputy Directors to identify the categories of employees for whom specified degrees of language proficiency are required and to tie these standards of proficiency into promotion practices, and (b) directing the Deputy Directors to identify those positions, or that proportion of positions, in each overseas station which may be filled only by individuals who possess, to the degree specified the language commonly used in the general area of that station.

DDCI Action: Approved, with the modification that standards of language proficiency will not be tied into promotion practices. DD/S to draft amended Agency Regulation.

Recommendation 13: DCI issue instructions that Agency Regulations be further amended to make language proficiency testing, according to Agency standards, mandatory for all employees who are required to have a language skill.

25X1 DD/P Action: Language Development Program, places upon Clandestine Services Area Division and Staff Chiefs the responsibility for determining their requirements for personnel to fill positions in which a foreign language proficiency is either essential or desirable together with the language fluency required in each case. This study will provide the DD/P with total language requirements, which, when compared with present assets will determine the Clandestine Services training load.

Recommendation 14: DD/P direct that in all long-range operational planning the implications with respect to possible radical change in requirements as to the nature or extent of language capabilities be carefully considered and that the conclusions reached be regularly and promptly communicated to the DTR.

DDCI Action: Approved.

DD/P Action: In addition to the action reported re Recommendation 12 and 13, a statement of anticipated training requirements, including language training requirements, is now required annually as part of the presentation and review of operational programs. These two mechanisms will provide the means whereby trends in language training requirements may be identified for transmission to OTR.

Recommendation 15: DD/P to give clearer recognition to the necessity for developing in larger numbers than at the present rate linguistically qualified area specialists.

DDCI Action: Approved.

DD/P Action: As a part of the study to determine language requirements and identify the degree of language competence possessed by present personnel assets, consideration will be given to the development of a corps of specially prepared and linguistically qualified area officers.

Recommendation 17: DD/P consider the advisability of placing directly on the division chiefs the responsibility for all scheduling of language training for personnel in the division and for monitoring the timely carrying out of the language training thus scheduled.

DDCI Action: Approved.

25X1 DD/P Action: places upon each staff and area division chief the responsibility for establishing the language qualifications required for personnel assigned to positions within his purview. The Clandestine Services Panels have the responsibility of reviewing and approving proposed reassignments of personnel together with authority to approve requests for language training. Upon establishment of language competence criteria for each position, the Clandestine Services Panels will be in a position to prescribe language training when necessary. It is believed that this method will prove effective.
